**INSTRUCTIONS:**

All international applicants requesting F-1 or J-1 (student) visa status must complete this form and send it to the PharmD Admission Office (apply@pharmacy.wisc.edu) for their application to be considered complete.

After being admitted and before enrolling in the PharmD program, international applicants must show that they have sufficient funds to cover their expenses while attending the University of Wisconsin-Madison. International applicants must provide financial documents such as bank statement(s) and a sponsor letter of support to obtain their I-20 through UW-Madison. Appropriate financial support documents will depend on the student’s type of sponsor. All accepted PharmD students must show sufficient funds for one year of professional study. Students should not expect to earn their way by working part-time. The PharmD Admissions Team will notify accepted international students when they can begin to upload their funding documentation to UW-Madison’s Terra Dotta System (https://terradotta.wisc.edu/).

Students should keep additional original documentation for presentation to the U.S. Consulate when requesting a student visa and for presentation to immigration officials when entering the United States.
