

# 2020 - 2021 HEALTH SCIENCES EQUITY & DIVERSITY LUNCH & LEARN SERIES

Join our health science community for a series of free workshops and conversations focused on topics related to equity, diversity and inclusion that deeply impact our work and our practice.

*Continuing Education credit will be available!*

This year, we will have a series devoted to decolonizing health care. Decolonizing is about freeing systems from their historical colonial status and increasing the recognition, value of, and respect for the cultures of Black, Indigenous, and People of Color.

*Please register in advance and save the dates on your calendar!*
