SCCP

Newsletter

Message from the President!

Hello SCCP! We hope you are all having a wonderful summer and enjoying this newsletter. We had a great past year with you and look forward to starting another great year with you all incoming semesters. Our goals over the next year are to create more volunteer/experiential learning activities for our committed members, as well as provide you with information to succeed in becoming a clinical pharmacist. There are a lot of up and coming projects and events that I hope you are all looking forward to. For example, we are working on setting up a journal club as well as a research connection with the UW Hospital/Clinics. We are also currently in the end stages of the mentorship program and plan to have that up and running in the beginning of fall, so if you are interested, please keep your eyes peeled for more information. As always, we will have monthly meetings where clinical pharmacists will come speak with us about the exciting field. As always, if you have any specific ideas for opportunities for the organization, do not hesitate to bring it to one of the board members. We are here to shape the organization the way the members want it to be! We look forward to seeing you in the fall, but in the meantime, have a great rest of the summer.

Spring Semester Updates!

Clinical Pharmacy Challenge Results

The winners of the Clinical Pharmacy Challenge-2016 were Nicholas Parker, Ellen Sheckler, & Patrick Beiermeister. This team was made up completely of second year pharmacy students, which is a very impressive accomplishment!

The challenge was open to pharmacy students from the DPH-1, DPH-2, and DPH-2 class. There were enough participants to form twelve teams. The winning team will move on to compete in the national competition in September!

In the fall, the new CPC chair, Sharon Kim, will be monitoring our team's progress in the national competition as well as organizing our drug literature informational meeting for the Clinical Research Challenge.

Historian Update

In the spring semester, the SCCP website underwent some major revisions in order to make information more accessible and friendly to our members. Here is some of the new information that can be found on our website:

- Our currently newsletter, along with newsletter archives
- Position descriptions for each of the executive board members
- Videos featuring practicing pharmacists that highlight different clinical specialties and transitioning from student to residency.

Check out our website at: www.pharmacy.wisc.edu/ACCP

Meet our new Executive Board!

President: Jared Baxa

Year: DPH-3

Fun Fact: I'm a twin!

Position Goals: I hope to get this mentorship program set up and running as well as work to create a research connection with the UW Hospital and Clinics.

Previous Involvement:

Last year I was involved in Sophia's Spaghetti Dinner, the research symposium, as well as helped to set the foundation for most of the activities that SCCP has today.

Secretary: Heather Champion

Year: DPH-3

Fun Fact: I was born in Guam

Position Goals: I hope to complete the mentorship program for our members by this September, and to help establish more volunteer opportunities.

Treasurer: Jeff Soukup

Year: DPH-3

Fun Fact: I am getting married Labor Day weekend 2017!

Position Goals: With this position I hope to evaluate the meetings, fundraising activities, and events throughout the year and see how we can make them better, increase member involvement in these activities, and promote SCCP throughout the school of pharmacy.

President Elect: Naomi Do

Year: DPH-2

Fun Fact: My only sibling and I are 14 years apart

Position Goals: In the near future, I am hoping to establish a journal club. After participating the Clinical Research Challenge from SCCP, both local and national, I realize that reading scientific articles on a regular basis is very important. One important aspect of being a clinical pharmacist is working well on a team and continuously learning about new knowledge and information. It is also our responsibility to keep learning from outside sources, join together to strengthen our organization and learn from each other through a journal club. This way, our relationship within SCCP can be strengthened, and most importantly, we can learn from each other and keep up with the new literature just how clinical pharmacists would.

Historian: Briana Amundson

Year: DPH-3

Fun Fact: I love to crochet and scrapbook in my free time!

Position Goals: I hope to further develop the SCCP website by featuring current pharmacists who are national members of ACCP. I am also hoping to develop a member spot light portion of the website where current students will be featured to display what they are doing to prepare for jobs and residencies.

Meet our new Executive Board!

Pharmacy Challenge Chair: Sharon Kim

Year: DPH-2

Fun Fact: I have lived in South Korea, Hawaii, California, and Washington D.C, and I am enjoying the Midwest so far!

Position Goals: I hope to bring students together to test their knowledge in the SCCP challenges as well as help SCCP develop further as an organization.

Outreach Coordinator: Abby Sharpe

Year: DPH-2

Fun Fact: I love to paint as a way to relieve stress

Position Goals: This year I hope to help get the mentorship program up and running, as well as plan a social for researchers and interested students to network. I'm excited to see what the year brings!

Student Liason: Daniel Mobley

Year: DPH-2

Fun Fact: I have traveled to 16 of the 30 Major League Baseball stadiums.

Position Goals: I look forward to being a voice for all SCCP members at Student Senate meetings this upcoming school year.

Kick-It-To-Cancer Chair: Marklie Munroe

Year: DPH-3

Fun Fact: I just finished a Half Ironman in sunny 90 degree weather. I will never take shade & Gatorade for granted again!

Position Goals: I am looking forward to bringing new volunteer opportunities to our members and building on our relationship with Carbone Cancer Center. **Previous Involvement:** Last year, as the Kick It to Cancer Co-Chair, our main focus was finding volunteer opportunities. We participated in things like Sophie's Spaghetti Dinner, Dragonboat Racing, and some UW-Carbone Cancer Center events. We also held a spring apparel sale.

Practice and Research Network Chair: Katie Morgan

Year: DPH-3

Fun Fact: I survived planning a wedding during my DPH-2 year and recently enjoyed my destination wedding in Arizona.

Position Goals: I'm excited to continue encouraging student research by coordinating this upcoming spring's PharmD and Pharm-Tox Research Symposium, and I also hope to start an SCCP journal club where students can practice presenting and discussing articles with their peers.
