SCHOOL OF PHARMACY

DOCTOR OF PHARMACY CLASS OF 2024 HONOR CODE

To our patients, we will:

- Educate ourselves about cultural differences and be aware of our implicit bias in order to provide equitable and excellent care to all
- Treat patients with compassion, empathy, and respect to ensure they feel safe, comfortable, and understood while in our care
- Advocate for and safeguard patient health and privacy
- Apply all of our knowledge and resources to educate patients about their treatment plans in order to promote the best health outcomes possible

To our community, we will:

- Promote a safe and caring environment by actively listening to our patients, peers, and mentors
- Empower ourselves and our community members to take an active and hands-on approach towards health equity through cultural sensitivity
- Apply our knowledge, skills, and experience to the best of our ability in serving the members of our community and other health professionals
- Be open minded and not let personal views influence the care we provide
- Practice pharmacy with honesty, integrity, and empathy as leaders in the community

To the faculty and other healthcare providers, we will:

- Fully engage in our coursework and show up each day ready to learn and eager to help others
- Keep up with changes in the field of pharmacy in order to educate other providers and improve patient care
- Work cooperatively with humility, respect, honesty, and open communication even in times of challenge, adversity, and change
- Fulfill our roles as pharmacists as part of the healthcare team to ensure the most effective, evidence-based treatment options for our patients

- Use what we learn and observe to make a positive impact in patient lives
- Hold ourselves and others accountable for providing the best patient-centered care regardless of circumstances

To our peers, we will:

- Create a culture that fosters compassion and empathy while supporting each other as healthcare professionals
- Hold each other accountable for maintaining the highest standards of education and professionalism
- Foster an atmosphere of inclusivity and acceptance of one another's differences in order to allow for ideas and perspectives to emerge that promote academic, professional, and social growth
- Establish a community that embraces collaboration to succeed in a professional and academic environment

To ourselves, we will:

- Challenge ourselves as healthcare professionals and take initiative in becoming involved with the community
- Strive toward excellence by taking advantage of the resources UW-Madison has to offer in order to gain the most from our education
- Continue to evolve as cultural learners to effectively serve diverse populations and practice at the top of our profession
- Take time to prioritize our physical and mental health in order to best serve the community
- Remain humble by recognizing our limitations and work to improve as individuals
